DETAILED ACTION

1. This Office action is in response to Applicant's amendment filed April 27, 2005. Applicant has amended claims 1-2 and 9. Claim 5 has been cancelled. Currently, claims 1-4 and 6-19 remain pending in the application.
2. The text of those sections of Title 35 U.S. Code not included in this action can be found in the prior Office action, Paper No. 20050125.
3. The objection of claims 2-19 is withdrawn in view of applicant's amendments and remarks.
4. The rejection of claims 1-4 and 6-19 under 35 U.S.C. 103(a) as being unpatentable over Cummings, U.S. Patent No. 5,750,482, is maintained for the reasons of record.

Response to Arguments

5. Applicant's arguments filed April 27, 2005 have been fully considered but they are not persuasive.

Applicant argues that the examiner used hindsight in arriving at the instant invention. In response to applicant's argument that the examiner's conclusion of obviousness is based upon improper hindsight reasoning, it must be recognized that

any judgment on obviousness is in a sense necessarily a reconstruction based upon hindsight reasoning. But so long as it takes into account only knowledge which was within the level of ordinary skill at the time the claimed invention was made, and does not include knowledge gleaned only from the applicant's disclosure, such a reconstruction is proper. See *In re McLaughlin*, 443 F.2d 1392, 170 USPQ 209 (CCPA 1971).

Applicant further argues that Cummings, U.S. Patent No. 5,750,482, requires an ethylene glycol monohexyl ether solvent, which is not required in the instant invention. However, the examiner asserts that the instant claims, as presently written, do not exclude an ethylene glycol monohexyl ether solvent. Specifically, the examiner asserts that the transitional phrase *comprising* is inclusive or open-ended and does not exclude additional, unrecited elements. See *MPEP 2111.03*.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
